MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: 1960 Annual Report of the FBI

1. Transmitted herewith is the 1960 Annual Report of the FBI, a news release concerning this Report, dated 22 December 1960, and two speeches Mr. Hoover delivered 16 June 1959 and 18 October 1960.

2. [] advised that you had requested the 1960 Annual Report. The reason for attaching the two speeches grew out of my inquiry to [] relating to one news report which contained considerable security information attributed to the 1960 Annual Report. The news report was in error since the security information came from these two speeches and was used by the reporter as "frosting" for his article. The speeches are attached since your interest in the Annual Report may also have been stimulated by the same news report.
